

# FIONN CONNOLLY

## — ENTS REP CANDIDATE —

Hello to anyone who has stopped to read this. My name is Fionn, and I'd like to be your Ents rep. (That's Fionn with an o, but it's pronounced Finn. I know, it's confusing, but we can get past it.)

The **root** of my application for Ents rep is that I want to continue what I've been doing this term- helping out with bops. On the right is a photo of me DJ-ing at the Pink bop, and below I can be seen pointing at a camera whilst Matt explained to me what lights are. If you ask me about lighting now, I'll still be a bit **stumped**- but I do know that when in doubt, you ask Matt, and that's good enough for me.

But let's not beat around the **bush**. What makes me special? Why shouldn't I be left to **pine** after the position of Ents rep? Well, apart from my experience, dedication, and memory of persuasive writing techniques from English GCSE, there are three reasons why I should get your vote:

1. I'm a music student. A rare breed, we understand complicated things like sound levels and such. We also have more free time than Natscis.
2. There are only 2 candidates. For 3 positions. I'm no mathmo, but those are good odds.
3. I spent time coming up with **tree puns** to include in my manifesto. LOTR fans, that was for you.

'I am not groot.'
